

November 2018

Dear Supporter

Earlier this year, we donated over £60,000 worth of medical equipment to 14 East Sussex surgeries for the benefit of their patients' health. 90 individual items were requested and each request was honoured! Our charity has been selected to take part in the 2018 Big Give Christmas Challenge, which raised over £11 million for charities last year.

'Stones' sufferers often experience agonising pain, so when stone-removal surgery is necessary, they usually need an incision, anaesthetic and a short hospital stay. We are raising money to buy a Lithotripter, which uses shock waves to break stones into crystals that pass out of the patient's body naturally. No incision is made - so no anaesthetic or hospital stay needed for East Sussex sufferers!

We hope to raise **£2,500+** by inviting hundreds of people to donate £5 or more when online donations are doubled between 27 November and 4 December. If we reach our target, Medi Tech Trust will receive **£5,000+** for our **No Surgery – Just Shocked** project.

Please help us by passing on this message to those you think might be interested in supporting us and of having their donation doubled. A fuller explanation is on the accompanying leaflet.

Our grateful thanks in advance
